Kenmare and District Garden Club

We were well entertained by Deborah Begley of Terra Nova at our meeting on Thursday, 1st September. Her topic of "Gardening in the Golden Vale: Muck and Magic" was described by Deborah as a whirlwind tour of her garden but what a garden! In 1991 when they moved into the house it was surrounded by just a field and gardening began in earnest in 1995 when they discovered the ground was heavy clay and very wet hence the Muck in the title. The Magic is that now in 2016, after bone-aching hard work by Deborah and her husband, it is an incredible garden crammed with most unusual plants ranging from Hairy Bluebells to crazy-looking Arisaemas and so many, many more, not to mention the Fairies, all accompanied by pertinent slides. It was a super evening and well appreciated by the Club members.

Our next meeting on Thursday, 6th October will feature Martin Gaethlich, an environmentalist from Tralee, who will cover such topics as the damage done to nature by environmental issues. This will be one to make us think. 7.30 p.m. at Gateway – hope to see you all there.
